V:

Dear Marie, At the Count of 3

Let's run a race, to the end of the street.

If you win, you got to promise me to sing,

I don't mind if your out of tune, I'll come and - Rescue you.

I want you to know that

There's no one else that I need more,

But you got some things on your mind,

Oh, Can't you see, what you're doing to me?

Dear Marie, Please wait for me

I'm running later, Cause I can't find me keys

Cross my heart, I hope to die

If ever I was, To tell you a lie.

Don't leave me alone, Hanging by the phone

You know I can't stand being on my own.

Tonight, Feels so right

Don't let it pass me by

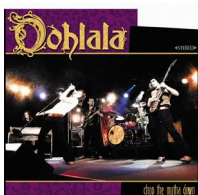

Dear Marie, I was wondering,

If you could tell what, Tomorrow will bring?

I'm climbing walls, crawling on floor,

I'm Feeling things, I never felt before.

It's cold outside - I cant stand here all night,

Oh wont you throw me down the keys?
This mean old world - is breaking me down

SOLO

It's cold outside - I cant stand here all night,
Oh wont you throw me down the keys?
This mean old world - is breaking me down

Outro:

Dear Marie - can you see, Dear Maree - I wanna live
Dear Marie - can you see, Dear Marie - I wanna give
X2
