Verse:

People they say that I just ain't the same
I can't feel no pleasure, no pleasure from pain.
Got a disturbance going on in my mind,
I need to be getting you - Back into my life.

Verse 2:

Begging you on my knees just for a taste.
I can't dream at night all because of this daze.
I'm so sick and tired of playing your games,
Baby - don't make me wait...

Chorus:

Cause you make me feel like a
Dog gone insane.
Dog gone insane.
Hear me howling your name
Like a dog gone insane - you make me feel like a dog.

Verse 3:

I can't taste my whiskey I can't taste my wine.
A Pschosexual tension - Running sky-high.
You're my addiction and I'm needing more,
Like a human animal..

Chorus:

Guitar Solo:

Verse 4:

Can't feel no peace - I got war on my mind.
So many wrongs I need to make right.
Come hell or high water, to me it's the same
Until my dying days..It's your love I will crave

Chorus: **Done soft to low rising over 4 x Chr**

Cause you make me feel like a
Dog gone insane.
Dog gone insane.
Hear me howling your name
Like a dog gone insane - you make me feel like a dog.
