Love is - the pain, when she cuts out your heart
Love is - the blood, when she pulls it apart
You'll be feeling, a little less than yourself.

Love is a high, until you hear that goodbye
Love is the sonnet that plays when you cry
I've heard it, & it still plays in my mind

Chorus:

I said Love is,
And I know that love will be,
The death of me.
Love will be the Death of me.

Love are the words, that I throw like knives
Get stuck in your side, they're just wounding our lives,
Day in, Day out, and so it goes....

If Love is a crime, I'm in trouble for sore
(I've thrown)more than I give, but I just want to give more
(And still) That sonnet, still stirs through my soul

Chorus:

I said Love is,
And I know that love will be,
The death of me.
Love will be the Death of me.

M8:

(What) Do we become,
If our love just runs
Dry.....
Who can we rely on
Who will turn our light on
When its Cold, Dark and Grey...
